

LUNDS
UNIVERSITET

(Friday) Seminars

Maneuvering the Seminar Room

Felix Agner | October 6, 2021

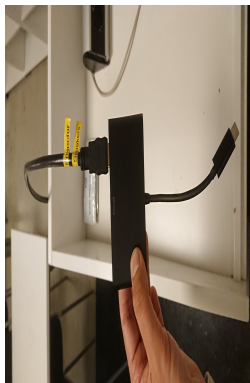

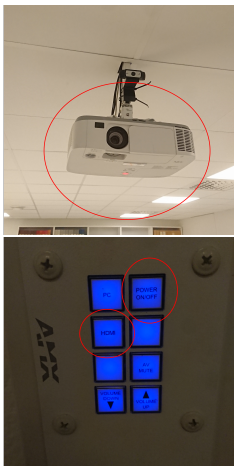

Preface

Friday Seminar = Inspiration Coffee

Feel free to keep content casual!

Projector

Camera

Make sure to check camera-setting in Zoom.
Unfortunately not good enough to see presentation without
share-screen (might look into this).

Microphone

Make sure to check sound-setting, both on Zoom and in laptop settings.

Microphone name: Chat 150

Slides

- Battery driven (Extras in Mika's office)
- USB connected
- Easy to miss on/off on the side

Questions so far?

Sound

Make sure to check sound-settings, both in zoom and on laptop.

Shameless Plug

Music

Konsert med Ostrochorus

SAVE

Stortorget, Lund, Sverige

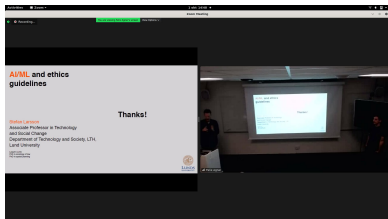

Sat, 2 Oct, 17:30 - 18:00

Add to calendar

Studentkören Ostrochorus är efter det senaste året riktigt sångsugna och bjuder in till en konsert där ni bjuds på allt från renässansmusik och Bellmanvisor till Billy Joel och moderna schlagers. Varmt välkomna!

Recording (OPTIONAL)

INDUSTRY CLUB
industry.club.control.lth.se // newsletter No 1

The Automatic Control Industry Club: Exploring, Expanding and Applying Control Technology

Welcome to the first issue of our Newsletter.

In the newsletter we will present interesting new developments at our department, report about advances in the field of automatic control, as well as opportunities for collaborations.

Industry Club

The Industry Club is an initiative to build an ecosystem around the Department of Automatic Control at Lund University. We have created this newsletter to share ideas and get feedback on the

Highlights from the department

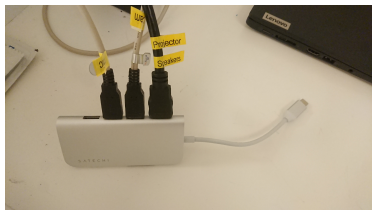

Interesting topics are being discussed on a daily basis at the department. Here are a few examples of recent topics that we would like to highlight.

- Recordings are appreciated for corporate outreach (OPTIONAL)
- Uploads to department Youtube (OPTIONAL)
- Ask me (or a friend) beforehand to record during meeting

Summarizing

- Projector
- Camera
- Microphone
- Sound
- All together through one adapter! (USB-C)

Word of Warning

Your laptop - Your settings

- Zoom can be problematic
- Test before
- Ask me/Anders Nilsson
- Be early to your seminar
- Currently linux and mac are problematic

"Advanced"

TV can be used for e.g. seeing your audience during questions.
(Hold for technical setup)
